- for certain Clients and/or pick up areas, AJDSL will only offer work to a Driver Partner, who complies with the additional requirements set out in 3.1.1. below.

#### 3.1.1. Additional requirements

There are certain *limited* circumstances where the Driver Partner may be required to comply with additional criteria in order to be offered work through the Driver Partner Account, namely:

##### *3.1.1.1. Vehicle occupancy limitations*

AJDSL will not allow the Driver Partner to access bookings via the Driver App to transport more Passengers than the Driver Partner's Vehicle is licensed to carry. For example, a vehicle licensed to carry 4 Passengers, the Driver Partner will not be able to access bookings for 5 or more Passengers.

##### *3.1.1.2. Vehicle class limitation*

In certain instances, Our Agent(s) may market "Premium Vehicles" through our platform. These bookings will require the Driver Partner to use a Vehicle of higher quality and prestige than a standard Vehicle. As such, the Driver Partner will require approval to access premium bookings by Our Agent(s) in order to be offered such bookings in the Driver App.

More information can be provided by Our Agent(s).

##### *3.1.1.3. Driver compliance limitations*

Our Agent(s) may generate bookings from Clients that they have tendered for which require additional safety checks to be undertaken by Our Agent(s) prior to bookings being offered to the Driver Partner.

In such instances, the Driver Partner may be required to provide an enhanced DBS checked at the point of onboarding with Our Agent(s) in order to comply with the Client's requirements for Passenger Transport Services.

The Driver Partner will require Our Agent(s) approval to access bookings with enhanced compliance requirements in the Driver App.

More information can be provided by Our Agent(s).

#### *3.1.1.4. Use of Our Agent(s) marketing materials*

In certain instances, Our Agent(s) may be required by the Client to ensure their marketing materials are visible for Passenger Transportation Services. Such as, Our Agent(s) signage or apparel showing Our Agent(s) branding.

The Driver Partner will require Our Agent(s) approval to access bookings with marketing material requirements in the Driver App.

More information can be provided by Our Agent(s).

- 3.2. AJDSL may, at its discretion, procure that two types of work are offered through the Driver App: journeys pre-booked for a particular time (for example, an appointment to collect a Passenger from an airport at a particular time); and “ASAP” journeys, where a Driver Partner using the Driver App may be offered the opportunity to pick up a Passenger from a location proximate to the Vehicle as soon as possible.
- 3.3. While the Driver Partner is not under obligation to perform any work offered by AJDSL, either at all or in any particular amount, insofar as a Driver Partner does elect to offer their services and accept work through the Driver App, the Driver Partner gives the following undertakings via Our Agent(s):

3.4. As an AJDSL Driver Partner you may be either a natural person or a legal entity. AJDSL provides Driver Partners the platform to provide Passenger Transportation Services, and imposes no requirement that this is done personally. Becoming an AJDSL Driver Partner and paying the relevant licence fees gives you permission to install and have access to the Driver App, for as long as the Terms remain in force. It is up to you to comply with the requirement that you are appropriately licensed and have been accredited by AJDSL or Our Agent(s) in advance.
